

OKANAGAN

# UBC OKANAGAN NONIS FIELD INFORMATION

(as of September 13/13)

## Corner Flags:

- DO NOT USE FLAGS THAT REQUIRE STAKING IN TO FIELD! We will provide Corner Flags for your event. If not already on the field, the corner flags are stored at the rear of the Gym by the Bay Door. Please return the flags to that location following your booking.

## Nets:

- All nets, other than 2 full sized soccer nets positioned in normal full size game position, should be moved off the field following your use. NETS MUST HAVE THE WHEELS SET IN THE LOCKED POSITION DURING ALL TIMES OTHER THAN WHEN MOVING.

## Lights:

- Your contract will indicate if lights have been booked for your event. If so, they are scheduled to come on 15 minutes before your event start time and stay on until 15 mins. following. If you have problems with the lights coming on you can go to the Gym Desk or call Caro: 250-878-0189

## Bathrooms:

- Are located at the exterior of the Field House addition. Please let the Gym Desk Staff know if there is a problem with access or supplies. If the gym is closed, call security: 250-807-9236

## Garbage/Recycle:

- Pack it in and pack it out to the bins located on the pathway. Do not leave garbage/recyclables in the player areas.

## General Use Rules

- No Food, Beverages (other than water) or Gum are allowed on the Turf (within the fenced area).
- No Dogs are allowed on the Turf (within the fenced area).
- No Smoking is permitted on Campus, except in designated Gazebos.
- Alcohol is not permitted in the Recreation Facilities areas at any time
- No metal cleats
- No items may be spiked/pressed into field (e.g tent stakes, corner flags, etc). Tents should not go on the field unless previously approved and appropriate tie down arrangements have been discussed.
- All groups must be pre-booked
- Participants/spectators must not access Field Area (fenced area) prior to the start of the booking time and must be out of the fenced area by the end of your booking time. The booked user is responsible or any user within the Fenced area during their time as well as for their spectator conduct and spectator area cleanliness.
- Nets must be stored off play area in their appropriate spots
- In the event of an injury/incident wherein bodily fluids are on the field the activity must stop and the user is required to remove any contaminants and clean the area using soap and water. Any wounds must be treated/cleaned immediately.
- The renter must provide for their own first aid coverage and must insure that their onsite representative is aware of UBCO's Emergency procedures (see reverse), prior to using the field
- During times when snow may be an issue: due to rapidly changing conditions it is the bookings/users responsibility to determine if the field conditions are suitable for their activity. Any funds paid for times when the conditions are not suitable will be credited/refunded. Do not use the field if unsure or when it is signed/locked as closed.
- Do not use the field whenever field lines are not visible due to snow or frost coverage.
- Do not use the field when there is any pooling water on it (from rain, snow melt, etc.)
- During times when thunder/lightning may occur it is ultimately the responsibility of the booking to safeguard their participants. The general rule of thumb is that play should stop and players should leave the field when the "Flash-to-Bang" (when you see lightning and then hear it) count is 30 secs. or less. Just because it's not raining doesn't mean there's no danger. Players should go inside a building or, if unable to do so, to cars (be inside and grounded with doors/windows closed). Do not stand near the light standards, poles, player areas, bleachers, etc... Outdoor activity should not resume until 30 mins. following the last thunder.

**The field is monitored. Failure to follow the above rules may result in loss of use for the group booked on the field and possible fines/charges.**

SEE REVERSE FOR EMERGENCY POLICIES...
